

Kenneth Everding

Managing Director of Research

Kenneth Everding is a vice president and managing director of research of Parametric Portfolio Associates LLC, an investment adviser and majority-owned subsidiary of Eaton Vance Corp. He is responsible for risk management and product development at Parametric's Westport Investment Center. He joined Parametric in 2005.

Ken began his career in the investment management industry in 1991. Before joining Parametric, he was a managing director at Zurich Capital Markets and BNP Paribas. He was a founding member of Donaldson, Lufkin & Jenrette's credit derivative group and subsequently formed and led DLJ's European credit derivatives business.

Ken earned a B.S., with honors, in physics from Iowa State University and holds a Ph.D. in theoretical particle physics from Yale University. Excerpts of his Ph.D. thesis, "Aspects of Non-Perturbative Quantum Electrodynamics," have been published in leading academic journals.
