

Andrew Waples

Director of Infrastructure Services

Andrew Waples is vice president of Eaton Vance Management and director of IT Infrastructure Services. He is responsible for the design, implementation and operation of the firm's computing environment. He joined Eaton Vance in 2007.

Andy began his career in the financial services industry in 1992. Before joining Eaton Vance, he headed business continuity at State Street Global Advisors. He previously headed both business continuity and disaster recovery at MFS Investment Management, where he also established the crisis management program. Andy has industry experience managing a variety of functions, including investment systems support, IT project management, software integration consulting and fund accounting.

Andy earned a B.S. from the University of Wisconsin, Madison and an MBA from Babson College. He also served as a tank and infantry mortar platoon leader in the U.S. Army. He holds the Certified Information Systems Security Planner (CISSP) and Certified Business Continuity Planner (CBCP) designations.
